Subject: Passive Scavenger for Fabius GS and Fabius Tiro

General Overview

A Passive Scavenger is now available as an accessory for the Fabius GS and Fabius Tiro anesthesia systems. The scavenger mounts to the GCX rail via a rail interface plate provided in the kit. The exhaust port accommodates both 19mm and 30mm connections. All necessary provisions for either 19mm or 30mm connections are included in the kit. Additionally, the transfer hose which connects the passive scavenger to the Cosy is also included in the kit.

<u>Description</u>	<u>Part Number</u>	<u>List Price</u>
Fabius GS / Fabius Tiro Passive Scavenger Kit	4118643	\$ 950

Rob Clark has updated the Fabius GS and Fabius Tiro quote templates to reflect the addition of the Passive Scavenger.
